This is a response to the Applicants' amendment submitted on April 27, 2006.

In virtue of this amendment:

- Claim 1 is canceled; and
- Thus, claims 2-5 are now presented in the instant application.

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard LaPeruta, Jr. on May 11, 2006.

The application has been amended as follows:

Claim 2, line 7, "a" has been changed to --an--;

Claim 2, line 9, "a" (second occurrence) has been deleted; and

Claim 2, line 12, "the" (first occurrence) has been changed to --an--.

Allowable Subject Matter

2. Claims 2-5 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or fairly suggest the following limitations:

A device for correcting a line field or a frame field or both of a deflector for cathode ray tube comprising a current sensor for evaluating a value of the line current; and a series of comparators configured to compare the value of a line current with reference values, in combination with the remaining claimed limitations as claimed in claim 2 (claims 3-5 are allowed since they are dependent on claim 2).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
